

TOMORROW EE

Dr. Marsha Atherley-Ikechi
Director of Utility Regulation

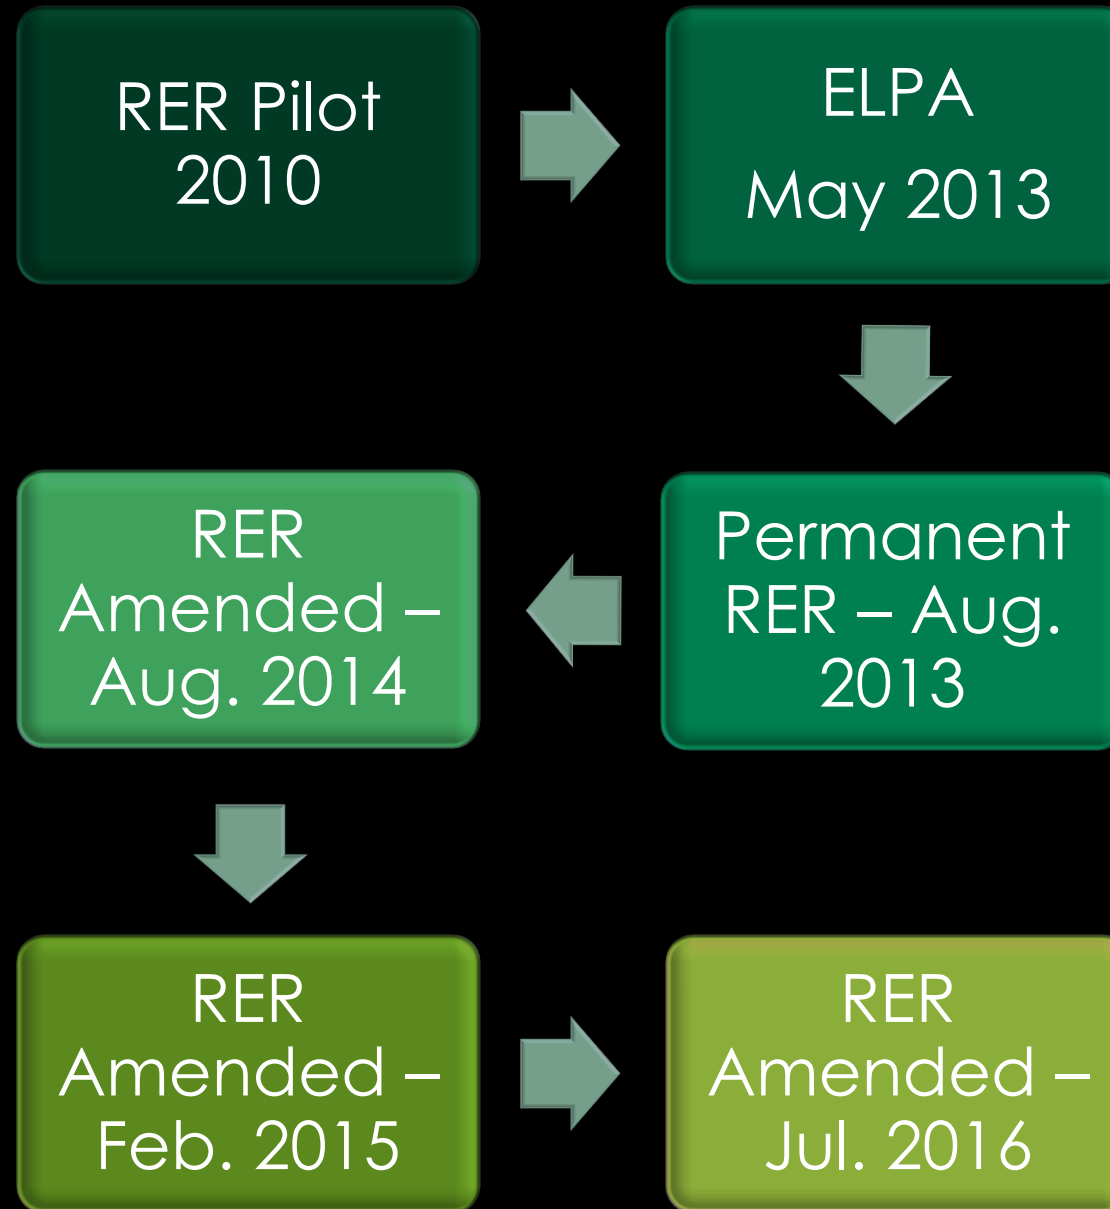

Potential and Kinetic Energy

SYNOPSIS OF RE DEVELOPMENT

BL&P Website – <http://www.blpc.com/>

FTC Website – <http://www.ftc.gov.bb/>

Removing

Barriers

SINGULAR VISION

- Get consensus on what we want to achieve – locally and/or regionally
- Articulate vision to masses
- All necessary actions will flow from vision
 - Policies
 - Legislation/ regulatory framework
 - Roadmap
 - Funding
 - Capacity development
 - Institutional strengthening

Create an investor conducive climate

LOCAL AND REGIONAL COLLABORATION

- Sharing knowledge and experiences
- Broad-based ownership
- Stakeholder and community involvement

GUIDED PROJECT FUNDING

- Holistic development
- Identify elements to support a sustainable RE sector
- Focus early investment on creating enabling environment
 - Select funding that is in alignment with current objectives
 - Manage enthusiasm of donors and investors

DYNAMIC REGULATORY FRAMEWORK

- Policy driven regulatory framework
- Network access rules
- Transparent pricing framework
 - Certainty and stability
- Smart grid implications
- HR capacity

THE CHALLENGE

Have the conversation as to how we treat to the opportunities that are clearly pivotal to how we develop and do business over the next 30 years.
